III. Prioritizations, efficiency gains and full cost recovery

9. The General Conference, through decision GC.18/Dec.14, approved that the regular budget for 2020–2021 should be financed from assessed contributions in the amount of €138,924,543, other income of €2,551,500, efficiency gains of €942,223, and the balance of €1,673,545 financed from all available resources, including:

- i. Voluntary contributions;
- ii. Increased application of the full cost recovery principle;
- iii. Voluntary renouncement of unspent balances of appropriations;
- iv. Further savings, prioritizations and efficiencies if appropriate; and
- v. As a last resort, to draw on the funds allocated to strengthening the United Nations development system, in accordance with Annex II of the Constitution.

10. At the time of writing, UNIDO had not received any voluntary contributions towards the financing of the budgetary gap. However, the Secretariat notes with appreciation that the amount of €105,995 in unspent balances of appropriations, representing €87,790 in 2020 and €18,205 in 2021, had been renounced as at 31 August 2021 to help finance the 2020–2021 budgetary gap.

11. As of the beginning of the 2020–2021 biennium, the Secretariat enforced procedures and monitoring mechanisms to pursue savings and efficiency gains to help fund the budgetary gap, including but not limited to:

- i. Building stronger synergies between headquarters and field locations, including improvements in internal coordination;
- ii. Continuing to reduce overall travel expenditures, inter alia, through concerted efforts aimed at optimizing the use of information and communications technology and also dictated by COVID-19-related travel restrictions; and
- iii. Continuing to mainstream the policy of full cost recovery (FCR) as a direct response to Member States' requests, including in paragraph (c) (ii) of General Conference decision GC.18/Dec.14. As at the second quarter of 2021, 60 per cent of the yearly target has been achieved. Furthermore, discussions are still ongoing with key funding partners such as the Global Environment Facility, the Green Climate Fund and the European Union to ensure eligibility and maximize recovery when charging FCR to relevant technical cooperation projects.
