

World Manufacturing Production

June 2024

Global manufacturing

Global index of manufacturing production

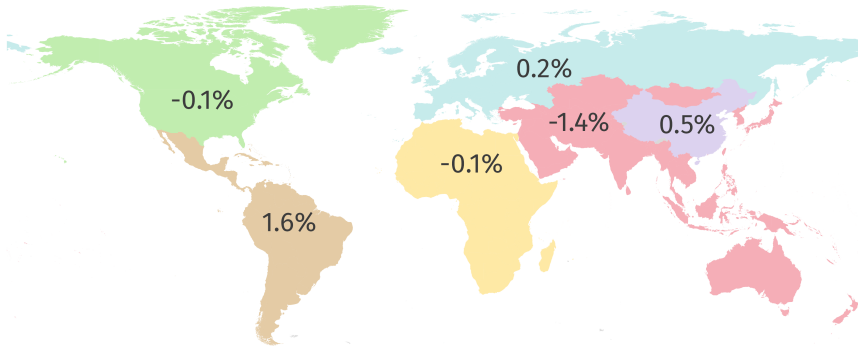

Global manufacturing registered **no growth** in June 2024 compared to the previous month.

Regional performance

Month-over-month growth rate of manufacturing production by region

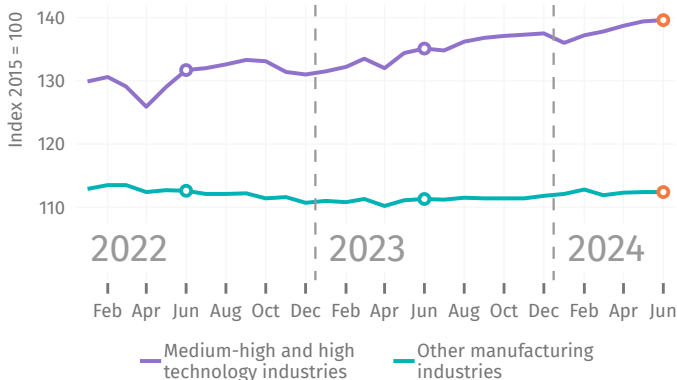

Output in **Latin America and the Caribbean** grew by a moderate 1.6% compared to the previous month, while **Asia and Oceania (excl. China)** suffered the largest output reduction.

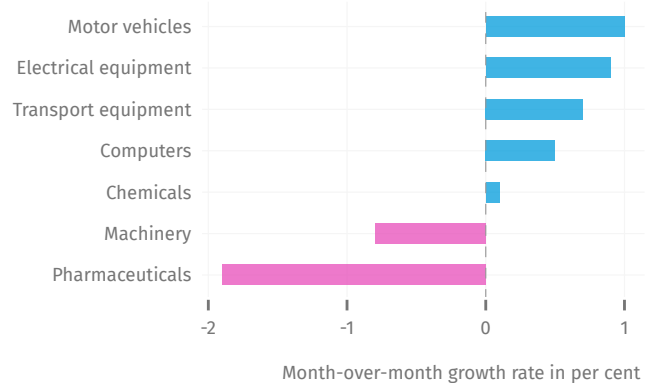

Sectoral trends

Global index of manufacturing production by technology level

Global performance of higher-tech industries

After several months with opposing trends, higher- and lower-tech industries converged to a monthly growth rate close to zero.
Medium-high and high tech: 0.1%
Other manufacturing industries: 0.0%

Higher-tech industries showed diverging growth in June 2024, with **pharmaceuticals** and **machinery** showing significant output drops in monthly comparison.

Note: This report is based on seasonally-adjusted series of official indices of industrial production (IIPs). Data used to create the infographic can be downloaded in [this link](#) while the full [database of monthly IIPs](#) can be accessed through the [UNIDO Statistics Portal](#). Methodological information can be found in [this document](#). For additional details, contact [UNIDO Statistics](#).
