DISCLAIMER

This document has been produced without formal United Nations editing. The designations employed and the presentation of the material in this document do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations Industrial Development Organization (UNIDO) concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries, or its economic system or degree of development. Designations such as “developed”, “industrialized” and “developing” are intended for statistical convenience and do not necessarily express a judgment about the stage reached by a particular country or area in the development process. Mention of firm names or commercial products does not constitute an endorsement by UNIDO.

FAIR USE POLICY

Any part of this publication may be quoted and referenced for educational and research purposes without additional permission from UNIDO. However, those who make use of quoting and referencing this publication are requested to follow the Fair Use Policy of giving due credit to UNIDO.

Expert Group Meeting on Lead and Zinc Production

London, England, 28 April - 2 May 1969

PROVISIONAL AGENDA

Monday, 28 April 1969

- | | |
|-------|---|
| 10.00 | Assembly and introduction of experts and observers
Opening addresses |
| 10.15 | Election of Group Chairman
Election of rapporteurs |
| 10.30 | Present state of lead and zinc industries in
developing countries - UNIDO secretariat |
| 11.00 | A review of the main factors influencing the
possibilities of developing lead and zinc industries
in developing countries - V. V. Tchiganov, USSR |
| 11.30 | Discussion on the above papers |
| 13.00 | Lunch |
| 15.00 | Perspectives of lead and zinc industry for the next
ten years - J. Carlson, Poland |
| 15.30 | Lead and zinc industry in Peru. Present state and
development during the next ten years - A. Labarthe,
Peru |
| 16.00 | Discussion on the above papers |
| 18.00 | Adjourn |

id.69-1111

We regret that some of the pages in the microfiche copy of this report may not be up to the proper legibility standards, even though the best possible copy was used for preparing the master fiche.

Tuesday, 29 April 1969

- 10.00 Recent improvements and trends in lead-zinc extraction metallurgy - J. H. Reimers, Canada
- 10.30 New lead smelting processes - G. E. Björling, Sweden
- 11.00 Utilisation of the Imperial Smelting Process - A survey - D. A. Temple, UK
- 11.30 Discussion on the above papers
- 13.00 Lunch
- 15.00 Sintering techniques as applied to the Imperial Smelting Process - C. J. G. Evans, UK
- 15.30 The Imperial Smelting Furnace for the simultaneous recovery of lead and zinc in developing countries B. Barlin, Zambia
- 16.00 Metallurgy of the zinc/lead blast furnace R. Healey, UK
- 16.30 Discussion on the above papers
- 18.00 Adjourn

Wednesday, 30 April 1969

- 10.00 Lead and zinc refining and trends towards purer metals - L. S. Getskin, USSR
- 10.30 Electrolytic lead and zinc refining - I. Freni, Italy
- 11.00 Modernisation of Trepča lead smelting and refining B. Vasiljević, Yugoslavia
- 11.30 Discussion on the above papers
- 13.00 Lunch
- 15.00 Discussion and approval of Group Report
- 18.00 Adjourn

Thursday, 1 May 1969

Visit to the Avonmouth plant of Imperial Smelting Processes Limited

Friday, 2 May 1969

10.00	Discussion and approval of Group Report
13.00	Lunch
15.00	Discussion and approval of Group Report
18.00	Official closing and departure of members
