Sponsored by: The Economic Commission for Asia and the Far East (ECAFE) and the United Nations Industrial Development Organisation (UNIDO).

- 2 -

IMPORTANT NOTICE

The basic purpose of this meeting is to provide an Exchange or Market Place for the initiation of contacts on specific industrial projects between their proponents from the Asian countries and potential suppliers of capital, finance, equipment or know-how, as the case may be, from the industrialized countries.

This Project Information Sheet has been prepared as a basis for such contacts. Its purpose is not to present detailed information about the project but to provide the recipient with an outline sufficient to determine tentative interest in principle. Any further available information on the project will be furnished on request to interested parties at the Meeting.

Experience has shown that industrialists frequently prefer to carry out their own further investigations in detail into projects in which they are interested, but assistance from UNIDO in these matters can be rendered to the Asian country concerned on request.

This Information Sheet contains only the information supplied to UNIDO by the proponent of the Project. UNIDO can therefore take no responsibility for its accuracy.

PLASTIC ROOFING AND AWNINGS

The project proponent, C.V. Deli Djaja, Plastic Industries and Trading Company, Jl. K.L. Jos Sudarso, started production of plastic bags, hoses, pipes, ropes, cups for latex and household wares, based upon the raw materials P.V.C. and polypropylene.

The production facilities available are for a capacity of 1,200 tons per annum. Now the Company works at 80% capacity.

The project proponent is interested to discuss with foreign companies the possibility of expansion and diversification of his production lines. His present thinking includes, as product ideas, plastic roofing, awnings and plastic parts for the radio and TV set industry.

The project proponent is prepared to discuss details with investors from advanced countries during the course of the Kuala Lumpur Investment Promotion Meeting.
