14 May 1968

Industrial Development Board

Second Session

Vienna, 17 April - 14 May 1968

RESOLUTION ADOPTED BY THE INDUSTRIAL DEVELOPMENT BOARD

11 (II) Regular Programme

The Industrial Development Board

Recalling resolution 2298 (XXII) adopted by the General Assembly on 12 December 1967, and its own resolution 2 (I) of 4 May 1967 recommending the establishment of a separate section in part V of the United Nations budget to provide for the Programme of Technical Assistance in Industrial Development at an appropriate level commensurate with the expanding requirements of the developing countries;

Noting the Executive Director's report (ID/B/26/Add.II/Rev.I), in which he recommends a planning level of US \$1.5 million for section 14 of the United Nations budget (Regular Programme of Technical Assistance) in 1969 and also states that this planning level figure of \$1.5 million falls short by \$750,000 of the total cost of requests received from governments;

Having regard to the need to satisfy as far as possible the requests for assistance made to UNIDO by certain governments under the Regular Programme of Technical Assistance, in view of the great urgency with which the developing countries regard the hastening of their industrial development;

1. Recommends the sum of US \$1.5 million as the planning level of the Regular Programme of Technical Assistance for industrial development in 1969 and 1970;

2. Approves the revised Programme for 1969 presented by the Executive Director under the Regular Programme of Technical Assistance (ID/B/26/Add.II/Rev.1);
3. Stresses the importance of that part of the Regular Programme of Technical Assistance which is utilized as a means of promotion whereby greater direct assistance in industrial development can be given to the developing countries and requests the Executive Director to draw up guiding principles for the execution of the Regular Programme in this spirit.
