INDUSTRIAL DEVELOPMENT ABSTRACTS

Cumulative Index 05001-07000

Introduction

Industrial Development Abstracts is a specialized guide to documentation on industrialization in developing countries, much of which is unpublished, and is intended to fill a gap in the indexes available from the various United Nations bodies and specialized agencies.

This *Cumulative Index* incorporates the subject and author indexes of Abstracts Nos. 05001-07000, published in the series UNIDO/LIB/SER.B/18-UNIDO/LIB/SER.B/27.

The subject index is arranged alphabetically by descriptors, each of which designates a main topic.

Most of the abstracts are referred to under several descriptors. The number given with each entry in the subject and author indexes is the computer access number of the abstract. Please note that requests for documents cannot be serviced on the basis of the computer access number. In order to be processed such requests must include the document symbol listed in the abstract proper.

RESUMES D'ETUDES SUR LE DEVELOPPEMENT INDUSTRIEL

Index récapitulatif

05001-07000

Introduction

Les *Industrial Development Abstracts* sont un guide spécialisé de la documentation sur l'industrialisation des pays en voie de développement, dont une grande partie n'est pas publiée, qui vise à combler une lacune dans les index publiés par les organismes et institutions spécialisées des Nations Unies.

Le présent index récapitulatif comprend deux parties : un index des sujets traités et un index des auteurs des résumés d'études n^{os} 05001-07000 publiés dans les séries UNIDO/LIB/SER.B/18 et UNIDO/LIB/SER.B/27.

L'index des sujets traités est présenté dans l'ordre alphabétique des rubriques générales (descripteurs) sous lesquelles sont énumérés les titres des documents considérés.

La plupart des documents figurent sous plusieurs rubriques. Le numéro indiqué en regard de chaque titre, tant dans l'index des sujets que dans l'index des auteurs, permet seulement de retrouver le document par ordinateur. Veuillez noter que la seule mention de ce numéro ne permet pas de donner suite aux demandes de documents. Dans ces demandes, il est indispensable d'indiquer aussi la cote du document, laquelle figure dans le résumé proprement dit.

РЕФЕРАТИВНЫЙ ЖУРНАЛ ПО ПРОМЫШЛЕННОМУ РАЗВИТИЮ

Сводный индекс
05001-07000

Введение

Реферативный журнал по промышленному развитию (Industrial Development Abstracts) является специализированным указателем к документации по вопросам индустриализации в развивающихся странах, большинство из которой не опубликовано и предназначено заполнить пробелы, имеющиеся в указателях, публикуемых различными органами Организации Объединенных Наций и специализированными учреждениями.

В данный *Сводный индекс* (Cumulative Index) включены указатели аннотаций № 05001-07000 по темам и авторам, опубликованных в серии UNIDO/LIB/SER.B/18-UNIDO/LIB/SER.B/27.

Указатель тем содержит дескрипторы по основным вопросам и темы перечислены в алфавитном порядке.

Ссылки на большинство аннотаций даются под несколькими дескрипторами. Так, номер каждой аннотации, касающейся указателя темы и автора, является номером аннотации для поиска на ЭВМ. Просим учесть, что запросы на документацию не могут обрабатываться на основе номера для поиска на ЭВМ. Для возможности обработки этих запросов в них необходимо сообщать символ документа, указанный в самой аннотации.

EXTRACTOS DE DESARROLLO INDUSTRIAL

Indice acumulativo

05001-07000

Introducción

La publicación *Industrial Development Abstracts* es una guía especializada de documentación —en su mayor parte inédita— relativa a la industrialización de los países en desarrollo, y tiene por objeto colmar las lagunas de los índices que pueden proporcionar los diversos órganos y organismos especializados de las Naciones Unidas.

El presente *Indice acumulativo* comprende los índices de materias y de autores de los extractos 05001-07000, publicados en la serie UNIDO/LIB/SER.B/18-UNIDO/LIB/SER.B/27.

El índice de materias está clasificado alfabéticamente por descriptores, cada uno de los cuales designa un tema principal.

La mayor parte de los extractos figuran bajo diversos descriptores. El número asignado a cada entrada en los índices de materias y de autores es el número de acceso a la computadora que corresponde al extracto. Debe advertirse que los pedidos de documentos no pueden atenderse en base al número de acceso a la computadora. Para que puedan tramitarse dichos pedidos, es preciso que se indique la signatura del documento que figura en el extracto propiamente dicho.
