## INTRODUCTION

The United Nations Industrial Development Organization (UNIDO) promotes the use of industrial information in developing countries by giving guidance in improving local information facilities. As one of the means of promotion UNIDO compiles directories and guides to selected information sources on branches of industry of primary concern to developing countries. The present guide, dealing with the furniture and joinery industry, is a revised and updated version of the fourth guide in the series of UNIDO *Guides to Information Sources* (UNIDO/LIB/SER.D). A list of the guides published to date appears at the end of this guide; more are planned for the series.

The directories and guides are not intended to be exhaustive, nor are they intended to be research tools; rather, they present sources considered to be of practical value to users. The data have been compiled so as to facilitate rapid access to the bodies referred to and the acquisition of the publications listed.

All countries have furniture and joinery industries, even those that lack indigenous wood resources. For the developing world, furniture production is of special importance because it is labour-intensive; yet in most developing countries it is still at a craftsman stage. UNIDO assists these countries in establishing and expanding furniture and joinery industries by providing technical assistance; organizing training courses, seminars and expert group meetings; and publishing manuals on topics of specific interest to developing countries.

Users of the present guide are also referred to Guides No. 6 (*Industrial Quality Control*), No. 9 (*Building Boards from Wood and Other Fibrous Materials*) and No. 18 (*Paint and Varnish Industry*), which contain information relevant to the furniture and joinery industry not duplicated here.

## EXPLANATORY NOTES

The designations employed and the presentation of the material in this guide do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country or its authorities, or concerning the delimitation of its frontiers.

Publications listed in this guide have been selected mainly from literature in the official languages of the United Nations; when appropriate, publications in other languages have also been included.

The names of organizations and publications are given in their original languages, wherever available; for those listed in languages other than the official languages of the United Nations, a translation of the title into English is included.

Where available, the date and the number of pages of the most recent known edition are indicated as well as the address of the issuing organization or publisher.

United Nations sales publications should be ordered by sales number. They are available through authorized distributors or may be ordered from:

Sales Section  
Publishing Service

## INTRODUCTION

Pour faciliter la diffusion et l'utilisation de l'information industrielle dans les pays en développement, l'Organisation des Nations Unies pour le développement industriel (ONUDI) aide ces pays à améliorer leurs moyens d'information, notamment en établissant des répertoires et des guides des principales sources d'information sur les secteurs industriels qui présentent pour eux un intérêt majeur. Le présent guide, qui concerne l'industrie du meuble et de la menuiserie, est une édition révisée et mise à jour du quatrième numéro de la série des *Guides des sources d'information* (UNIDO/LIB/SER.D). On trouvera à la fin de cette publication la liste des guides déjà parus. D'autres sont prévus.

Les ouvrages de cette série ne prétendent pas être exhaustifs; ce ne sont pas non plus des instruments de recherche, mais de simples guides des sources d'information considérées comme présentant un intérêt pratique pour les utilisateurs. Les données sont présentées de manière à permettre à ceux-ci de se mettre rapidement en rapport avec les sources d'information mentionnées et d'obtenir les publications auxquelles ils s'intéressent.

On trouve des industries du meuble et de la menuiserie dans tous les pays, même ceux qui sont dépourvus de ressources en bois. La production de meubles revêt une importance particulière pour le monde en développement parce qu'elle exige une main-d'œuvre abondante; cependant, elle garde un caractère artisanal dans la plupart des pays en développement. L'ONUDI aide ces pays à créer une industrie du meuble et de la menuiserie ou à développer celle qui existe déjà en leur fournissant une assistance technique, en organisant des stages de formation, des séminaires ou des réunions d'experts et en publiant des manuels sur des sujets qui intéressent particulièrement les pays en développement.

Les utilisateurs du présent guide pourront également consulter avec profit les Guides n° 6 (*Contrôle de la qualité dans l'industrie*), n° 9 (*Fabrication de panneaux de construction dérivés du bois ou d'autres matières fibreuses*) et n° 18 (*L'industrie des peintures et des vernis*), qui contiennent eux aussi des renseignements intéressants l'industrie du meuble et de la menuiserie.

## NOTES EXPLICATIVES

Les appellations employées dans la présente publication et la présentation des données qui y figurent n'impliquent de la part du Secrétariat de l'Organisation des Nations Unies aucune prise de position quant au statut juridique de tel ou tel pays ou territoire ou de ses autorités, ni quant au tracé de ses frontières.

Les publications énumérées dans le présent volume sont pour la plupart rédigées dans les langues officielles de l'Organisation des Nations Unies; toutefois, certains documents publiés dans d'autres langues ont aussi été mentionnés.

Les noms des organisations et les titres des publications sont donnés le plus souvent possible dans la langue originale; les noms des organisations et les titres des publications libellés dans des langues autres que les langues officielles de l'Organisation des Nations Unies ont été traduits en anglais.

Nous avons, aussi souvent qu'il était possible, précisé la date et le nombre de pages de l'édition la plus récente ainsi que l'adresse de l'éditeur ou de l'organisation qui a publié le document.

On peut se procurer les publications des Nations Unies auprès des distributeurs autorisés ou les commander à l'une des adresses suivantes, en mentionnant le numéro de vente :

## ВВЕДЕНИЕ

Организация Объединенных Наций по промышленному развитию (ЮНИДО) содействует использованию промышленной информации в развивающихся странах посредством обеспечения руководства в совершенствовании местных средств информации. Одним из средств такого содействия является составление в ЮНИДО справочников и руководств по отдельным источникам информации, относящимся к отраслям промышленности, которые имеют первостепенное значение для развивающихся стран. Настоящее руководство по вопросам мебельной и деревообрабатывающей промышленности представляет собой пересмотренный и дополненный вариант четвертого издания руководства в серии Руководств ЮНИДО по источникам информации (Guides to Information Sources [UNIDO/LIB/SER. D]). Перечень опубликованных до настоящего времени руководств приводится на внутренней стороне задней обложки настоящего выпуска; кроме того в этой серии планируется выпуск еще целого ряда руководств.

Такие справочники и руководства не ставят своей целью быть исчерпывающими или служить в качестве средства исследования; в них скорее представлены источники, которые, как полагают, имеют практическую ценность для тех, кто ими пользуется. Информация в них подобрана таким образом, чтобы облегчить быстрое установление связи с организациями, на которые имеется ссылка, и приобретение перечисленных изданий.

Во всех странах имеются мебельная и деревообрабатывающая промышленность, даже в тех, в которых не хватает собственных лесных ресурсов. Для стран развивающегося мира производство мебели, будучи трудоемким, имеет особое значение, однако в большинстве развивающихся стран оно находится на стадии кустарного производства. ЮНИДО помогает этим странам в создании и расширении мебельных и деревообрабатывающих предприятий путем оказания технической помощи, организации курсов по подготовке кадров, семинаров и проведения заседаний групп экспертов, а также путем публикации руководств по вопросам, представляющим непосредственный интерес для развивающихся стран.

Читатели данного руководства могут также воспользоваться руководствами № 6 (Контроль за качеством в промышленности), № 9 (Строительные панели из древесины и других волокнистых материалов) и № 18 (Лакокрасочная промышленность), в которых содержится информация, относящаяся к мебельной и деревообрабатывающей промышленности и не приводимая повторно в данном издании.

## ПОЯСНИТЕЛЬНЫЕ ЗАМЕЧАНИЯ

Используемые обозначения и распределение материалов в настоящем руководстве не означают, что Секретариат Организации Объединенных Наций выражает какое-либо мнение относительно юридического статуса той или иной страны, или ее органов власти, или относительно начертания ее границ.

Перечисленные в настоящем руководстве публикации отображены главным образом из литературы, изданной на официальных языках Организации Объединенных Наций; в соответствующих случаях были включены также публикации, издаваемые на других языках.

Названия организаций и публикаций даны на языке оригинала в тех случаях, когда они имелись в наличии; названия, представленные на языках, не являющихся официальными языками Организации Объединенных Наций, включены в перечень в переводе на английский язык.

В зависимости от наличия указаны год издания и количество страниц самого последнего из известных изданий, а также адрес организации, выпускающей публикацию, или издателя.

Предназначенные для продажи публикации Организации Объединенных Наций следует заказывать по соответствующему номеру, под которым они продаются. Их можно приобрести через должным образом уполномоченных агентов по продаже или заказать в:

Sales Section  
Publishing Service  
United Nations  
New York, New York 10017  
United States of America

или

Sales Section  
United Nations Office  
Palais des Nations

## INTRODUCCION

La Organización de las Naciones Unidas para el Desarrollo Industrial (ONUDI) promueve la utilización de información industrial en países en desarrollo proporcionando orientación para el mejoramiento de los servicios locales de información. Entre los medios de que se vale la ONUDI para este fin, figura la compilación de repertorios y guías de fuentes de información seleccionadas sobre ramas industriales de interés primordial para los países en desarrollo. La presente guía, consagrada a la industria del mueble y la ebanistería, es una versión revisada y actualizada de la cuarta de la serie titulada *Guías de Fuentes de Información (UNIDO/LIB/SER.D)*. Al final de esta guía puede verse una lista de las publicadas hasta la fecha; se prevé la publicación de otras de la misma serie.

Los repertorios y las guías no pretenden ser exhaustivos ni están destinados a servir de instrumento de investigación, sino que presentan fuentes consideradas de valor práctico para los usuarios. Los datos se han recopilado de manera que proporcionen un rápido acceso a las entidades mencionadas y faciliten la adquisición de las publicaciones que se indican.

Todos los países poseen industrias del mueble y de la ebanistería, incluso los que carecen de recursos nacionales de madera. La producción de muebles es de especial importancia para el mundo en desarrollo por ser una actividad de gran intensidad de mano de obra; sin embargo, en la mayoría de los países en desarrollo se encuentra todavía en la fase artesanal. La ONUDI presta ayuda a estos países para establecer y ampliar industrias del mueble y de la ebanistería proporcionando asistencia técnica; organizando cursos de capacitación, seminarios y reuniones de expertos; y publicando manuales sobre temas de interés concreto para los países en desarrollo.

Los usuarios de la presente guía pueden ver también la núm. 6 (*Control de la calidad en la industria*), la núm. 9 (*Fabricación de tableros de construcción a base de madera o de otros materiales fibrosos*) y la núm. 18 (*Industria de pinturas y barnices*), las cuales contienen información pertinente a la industria del mueble y de la ebanistería, información que no se repite en esta publicación.

## NOTAS EXPLICATIVAS

Las denominaciones empleadas en esta guía y la forma en que aparecen presentados los datos que contiene no implican, de parte de la Secretaría de las Naciones Unidas, juicio alguno sobre la condición jurídica de ninguno de los países o territorios citados o de sus autoridades, ni respecto de la delimitación de sus fronteras.

Las publicaciones que aquí se indican se han seleccionado principalmente de entre la literatura publicada en los idiomas oficiales de las Naciones Unidas; cuando procede, también se mencionan publicaciones aparecidas en otros idiomas.

Los nombres de las organizaciones y publicaciones aparecen en su idioma original, cuando así constan; cuando se dan en idiomas no reconocidos como oficiales dentro de las Naciones Unidas, se incluye la traducción al inglés del título correspondiente.

Se indican la fecha y el número de páginas de la edición más reciente, así como la dirección de la organización que la publica o de la casa editora, cuando tales datos se conocen.

Los pedidos de publicaciones de las Naciones Unidas han de hacerse por número de venta. Dichas publicaciones se pueden obtener por conducto de distribuidores autorizados, o haciendo un pedido a:

Sección de Ventas  
Servicio de Publicaciones  
Naciones Unidas  
Nueva York, 10017  
(Estados Unidos de América)

o

Sección de Ventas  
Oficina de las Naciones Unidas  
Palacio de las Naciones  
CH-1211 Ginebra 10  
(Suiza)

Los documentos no destinados a la venta, publicados por las Naciones Unidas y organismos conexos, deben pedirse directamente a la organización respectiva.

Se agradecerán las sugerencias que se hagan para la inclusión de información adicional en una futura versión revisada, sugerencias que deberán enviarse a la dirección siguiente:
