Third Session of the Leather and
Leather Products Industry Panel

Vienna, 19-21 November 1979

BRIEFING PAPER NO. 4^{*}

Different Sources of Technical Assistance Programmes
in the Leather and Leather Products Industry
Available to Developing Countries

Prepared by
the secretariat of UNIDO

In the report of the second session of the Leather and Leather Products Industry Panel, Vienna, 5 to 7 February 1979, page 6, paragraph 20, it was stated that the compilation of information on all the technical assistance sources available to developing countries should be further expanded to include details on the type of assistance offered.

In an attempt to obtain this more detailed information on the matter, UNIDO sent out a brief questionnaire (copy attached) to a number of institutions and organizations assumed to be actively involved in such technical assistance activities in one way or another.

Of the institutions and organizations contacted on this matter, 48 replied to the questionnaire. Twelve of these informed that they were not active at all in the field of leather and leather products. Thirty six of them provided information on the services rendered by their organization in the field of leather or leather products industries, concerning training, technical assistance, financing activities, or other related activities.

The information provided in these questionnaires varies considerably in form and extent. It is, however, not clear in which manner this additional information could best be presented.

We recommend, therefore, that this matter be submitted to the Leather Panel Meeting, 19-21 November 1979, for advice on how to proceed further.

Copies of the filled in questionnaires will be made available to the Panel members at the Leather Panel meeting in Vienna.

It should be noted that since the Leather Panel meeting in February 1979, the revised edition of the UNIDO publication, Information Sources on Leather and Leather Products Industries, has been issued (UNIDO Guides to Information Sources, No. 3 (revised edition)). This has a direct bearing on this subject.
