# INDUSTRIAL DEVELOPMENT ABSTRACTS

## Introduction

This publication is intended to provide a specialized guide to documentation on industrialization in developing countries, much of which is unpublished, and to supplement the indexes available from the various United Nations bodies and specialized agencies.

The following material, issued by UNIDO, is indexed in the abstracts: printed publications, such as major studies and reports, publications in series, and selected articles from the *Industrial Research and Development News (IRDN)* and the *Industrialization and Productivity Bulletin*; documents for the Industrial Development Board; reports and proceedings of expert working groups, workshops and seminars; internal studies; public information series; and reports related to technical assistance, including feasibility studies and project reports.

*Industrial Development Abstracts* consists of three parts: an author index, a subject index, by title; and bibliographical abstracts. The number given with each entry in the author and subject indexes is the computer access number of the item. The abstracts are printed in sequence according to the access number, which appears at the top left of each entry. The descriptors used are taken from the *Thesaurus of Industrial Development Terms* (UNIDO/LIB/SER.C/2).

The UNIDO Industrial Information System (INDIS) is patterned after the Integrated Scientific Information System (ISIS) developed by the International Labour Office and is compatible with indexing systems used by other United Nations bodies and specialized agencies, thus facilitating the exchange of information.

Orders for *Industrial Development Abstracts* or for United Nations sales publications indexed in the *Abstracts* should refer to the sales number (for example, UN-E.72.II.B.6) and should be addressed to:

# RESUMES D'ETUDES SUR LE DEVELOPPEMENT INDUSTRIEL

## Introduction

Le but de la présente publication est de servir de guide pour une documentation, en grande partie inédite, concernant l'industrialisation des pays en voie de développement, et de fournir un complément aux index publiés par les divers organismes des Nations Unies.

On y trouvera des résumés de diverses catégories de documents de l'ONUDI: publications imprimées (études et rapports importants, publications périodiques, etc.); articles du *Bulletin de la recherche et du développement industriel (BRDI)* et du *Bulletin Industrialisation et Productivité*, documents soumis au Conseil du développement industriel. Y figurent aussi des rapports et comptes rendus de réunions d'experts, de journées d'études et de séminaires, des études internes, des documents d'information et des rapports sur des activités d'assistance technique, y compris des études de faisabilité et des rapports sur les projets.

Les *Résumés d'études sur le développement industriel* sont divisés en trois parties: un index par auteurs, un index par sujets, classés par titres, et des analyses bibliographiques. Le numéro de chaque rubrique dans les listes par auteurs et par sujets correspond au numéro d'enregistrement du document sur fichier magnétique. Les résumés sont classés par ordre numérique d'après leur numéro d'enregistrement qui est reproduit en haut et à gauche de chaque rubrique. Les abréviations utilisées sont tirées du *Thesaurus of Industrial Development Terms (UNIDO/LIB/SER.C/2)*.

Le Système d'informations industrielles (INDIS), adopté par l'ONUDI et qui s'inspire du Système intégré d'information scientifique (ISIS) mis au point par le Bureau international du Travail, est conçu de la même manière que les systèmes d'indexation adoptés par d'autres organismes des Nations Unies et institutions spécialisées, ce qui facilite l'échange rapide d'informations.

Les commandes de *Résumés d'études sur le développement industriel*, ou de publications mises en vente par les Nations Unies et faisant l'objet de ces Résumés, doivent rappeler le numéro de vente (par exemple UN-E.72.II.B.6) et être envoyées à l'adresse suivante :

CH-1211 Genève 10 (Suisse)

ou

# РЕФЕРАТИВНЫЙ ЖУРНАЛ ПО ПРОМЫШЛЕННОМУ РАЗВИТИЮ

## Введение

Эта публикация предназначена служить специализированным указателем документации, часто не опубликованной, по вопросам индустриализации развивающихся стран, а также заполнить пробелы, имеющиеся в указателях, публикуемых различными органами и специализированными учреждениями Организации Объединенных Наций.

В реферативном журнале индексируется следующий материал, публикуемый ЮНИДО: печатные публикации, такие, как основные исследования и доклады, а также серийные выпуски: отдельные статьи из журналов «Новости промышленных исследований и развития» (IRDN) и «Бюллетень индустриализации и производительности труда»; документы, представляемые Совету по промышленному развитию, доклады и труды рабочих групп экспертов, совещаний и семинаров; внутриорганизационные исследования, общественно-информационные серии; а также доклады по вопросам технической помощи, включая предпроектные исследования и доклады по проектам.

*Реферативный журнал по промышленному развитию* состоит из трех частей: указателя авторов, предметного указателя по заголовкам и библиографии. Цифра, проставляемая с каждой статьей в указателе авторов и предметном указателе, является кодовым номером для электронно-вычислительного устройства по данной статье. Аннотации печатаются последовательно в соответствии с кодовым номером, который ставится слева вверху от каждой статьи. Используемые символы взяты из словаря терминов по промышленному развитию (*Thesaurus of Industrial Development Terms*) (UNIDO LIB/SER. C/2).

Система промышленной информации ЮНИДО (INDIS) аналогична интегрированной системе научной информации (ISIS), разработанной Международным бюро труда, и совместима с системами индексирования, используемыми другими органами и специализированными учреждениями Организации Объединенных Наций, облегчая тем самым обмен информацией.

Заявки на *Industrial Development Abstracts* или на поступающие в продажу издания Организации Объединенных Наций, указанные с индексом в реферативном журнале, должны сопровождаться ссылкой на номер, под которым они поступают в продажу (например, UN-E. 72. II. В. 6), и направляться по адресу:

# EXTRACTOS DE DESARROLLO INDUSTRIAL

## Introducción

Esta publicación tiene por objeto servir de guía especializada de la documentación relativa a la industrialización de los países en desarrollo, documentación en gran parte inédita, y de suplemento de los índices que pueden proporcionar los diversos órganos y organismos especializados de las Naciones Unidas.

En los extractos se clasifica el siguiente material, publicado por la ONUDI: publicaciones impresas, como informes y estudios principales, publicaciones que forman parte de series y artículos seleccionados de *Noticias sobre Investigación y Desarrollo Industriales* (NIDI) y del *Boletín de Industrialización y Productividad*; documentos preparados para la Junta de Desarrollo Industrial; informes y actas de grupos de expertos, cursos prácticos de capacitación y seminarios; estudios internos; series de información pública; e informes sobre cuestiones de asistencia técnica, incluidos estudios de viabilidad e informes sobre proyectos.

Los *Industrial Development Abstracts* constan de tres partes: un índice de autores, un índice de materias, por títulos, y extractos bibliográficos. El número que acompaña a cada autor o materia en los índices correspondientes es el número de entrada que les está asignado en la computadora. Los extractos se publican siguiendo el orden de esos números de entrada, que figuran en la esquina superior izquierda de cada inscripción. Los descriptores empleados se han tomado del *Thesaurus of Industrial Development Terms* (UNIDO/LIB/SER.C/2).

El Sistema de Información Industrial de la ONUDI (INDIS) sigue las líneas generales del Sistema Integrado de Información Científica (ISIS), desarrollado por la Oficina Internacional del Trabajo, y es compatible con los sistemas de índices empleados por otros órganos y organismos especializados de las Naciones Unidas, lo cual facilita el intercambio de información.

En todo pedido de *Industrial Development Abstracts*, o de publicaciones de las Naciones Unidas destinadas a la venta que figuran en los *Abstracts*, se debe hacer mención del número de venta (por ejemplo, UN-E.72.II.B.6). Los pedidos deben enviarse a:
