

TOGETHER
for a sustainable future

OCCASION

This publication has been made available to the public on the occasion of the 50th anniversary of the United Nations Industrial Development Organisation.

TOGETHER
for a sustainable future

DISCLAIMER

This document has been produced without formal United Nations editing. The designations employed and the presentation of the material in this document do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations Industrial Development Organization (UNIDO) concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries, or its economic system or degree of development. Designations such as “developed”, “industrialized” and “developing” are intended for statistical convenience and do not necessarily express a judgment about the stage reached by a particular country or area in the development process. Mention of firm names or commercial products does not constitute an endorsement by UNIDO.

FAIR USE POLICY

Any part of this publication may be quoted and referenced for educational and research purposes without additional permission from UNIDO. However, those who make use of quoting and referencing this publication are requested to follow the Fair Use Policy of giving due credit to UNIDO.

United Nations Industrial Development Organization

Sixth Training Programme in Plastics Technology ,

Vienna, Austria,
22 September - 28 November 1975

PROVISIONAL LIST OF PARTICIPANTS .

Plastics technology course ,
22 September - 28 November 1975 .

<u>Country</u>	<u>Name</u>	<u>Position, address and main fields of interest</u>
Argentina	Lucia Maria A. LA MENZA	Loria 51 - 5 ^o Piso, Dto. I Buenos Aires Quality control and testing; new product application and development
Burma	Hla NYUN	3, Ngaitkyi Avenue Rangoon Processing and application of thermo- plastics particularly polystyrene, polyethylene and polyvinyl chloride
Ghana	Kwabena OWUSU-DANKO	Production Engineer Interplast Ltd. P. O. Box 1069 Accra Design, construction and maintenance of plastic moulds and various equipment; techniques and up-to-date methods for testing and quality control of plastic products: plastic production techniques using injection, extrusion, blow moulding casting and any other methods to produce plastics; production of polymers, blending and plastilisation of PVC materials

<u>Country</u>	<u>Name</u>	<u>Position, address and main fields of interest</u>
Guyana	Lennox H. W. WILLIAMS	Lecturer Public Service Commission Rabbit Hill Georgetown The development in plastic technology and processing equipment for possible introduction in the country
Hungary	Katalin LORREPI	Head Plastics Department Union of the Hungarian Chemical Industry Irodalmi Körút 1/c Budapest XIV Modern plastic technology; use and selection of modern plastics processing equipment, quality control and testing
Indonesia	Johannes ALIYUD	Project Officer Petrochemical Laboratory Lemigas P.O. Box 1 Jakarta Plastic processing technology; materials and equipment selection and application development for introduction to the country
	Natulinda SUGANDI	Deputy Head Percamina Pusat Primitif Petrokimia Jalan Sekeloa, Raya Km 20 Jakarta Processing and use of polypropylene; new polymers and new applications
Iran	Gholam ALI NI KOLAEI	Polytechnic Textile Engineering Dept. Hafez Avenue Tehran Plastic processing technology; equipment and materials selection for future development of plastics industry in the country
	Yahdolla DELAVI	Polytechnic Textile Engineering Dept. Hafez Avenue Tehran Plastic processing technology; equipment and materials selection for future development of plastics industry in the country

<u>Country</u>	<u>Name</u>	<u>Position, address, and main fields of interest</u>
Iran	Ali-Angar JAFANQUIRY	Polytechnic Textile Engineering Dept. Hafez Avenue Tehran Plastic processing technology; equipment and materials selection for future development of plastics industry in the country
	Sohrab KHOSEBIF	Spinning Plant Supervisor Sharikat Sabzani Mill P. O. Box 245 Tehran Plastic processing technology; equipment and materials selection for future development of plastics industry in the country
	Ali SHEFZADEH	Polytechnic Textile Engineering Dept. Hafez Avenue Tehran Plastic processing technology; equipment and materials selection for future development of plastics industry in the country
Iraq	Hizar TOMBATQ SIUKRI	Head Department of Planning and Development National Chemical Industries Co. P. O. Box 2302 Baghdad Plastic technology; production of different plastic material; quality control; processing of different plastic materials (extrusion, injection moulding, blow moulding, etc.); PVC compounding and formal. improvement
Jamaica	Joan A. WARD	Chief Scientist, Scientific Officer The Director Bureau of Standards 6 Manchester Road Kingston 10 Chemical technology of plastics; mechanical technology of plastics; machine and mould design; electrical engineering and control techniques; plastic fabrication technology; application of plastics; new developments in plastics process and applications; quality control and testing of raw material intermediates and products; standards for plastics

<u>Name</u>	<u>Country</u>	<u>Position, address and main fields of interest</u>
Pakistan	Shaukat TAJIB	Process Engineer Pakistan PVC Limited Industrial, 11- Green Garden Road Karachi-3 Specialized in PVC pipe extrusion technology; PVC compounding both plasticized and unplasticized; injection moulding of rigid and plasticized PVC products; blow moulding of rigid PVC; other processing techniques; equipment selection and design of equipment; quality control of products
Singapore	Hong Hai HAI	Assistant Plant Manager Singapore Polymer Corp. (Pte) Ltd. 41 Shipyard Road Jurong Town Singapore 62 Plastics processing technology; materials and equipment selection and application development; quality control and testing
Uruguay	Rogelio FERRERINI	General Manager Cacron S.A. Chiverri 2000/33 Montevideo Processing and application of polyethylene film; injection moulding; extrusion and lamination, reinforced plastics; introduction of new processes, equipment and materials to the plastics industry

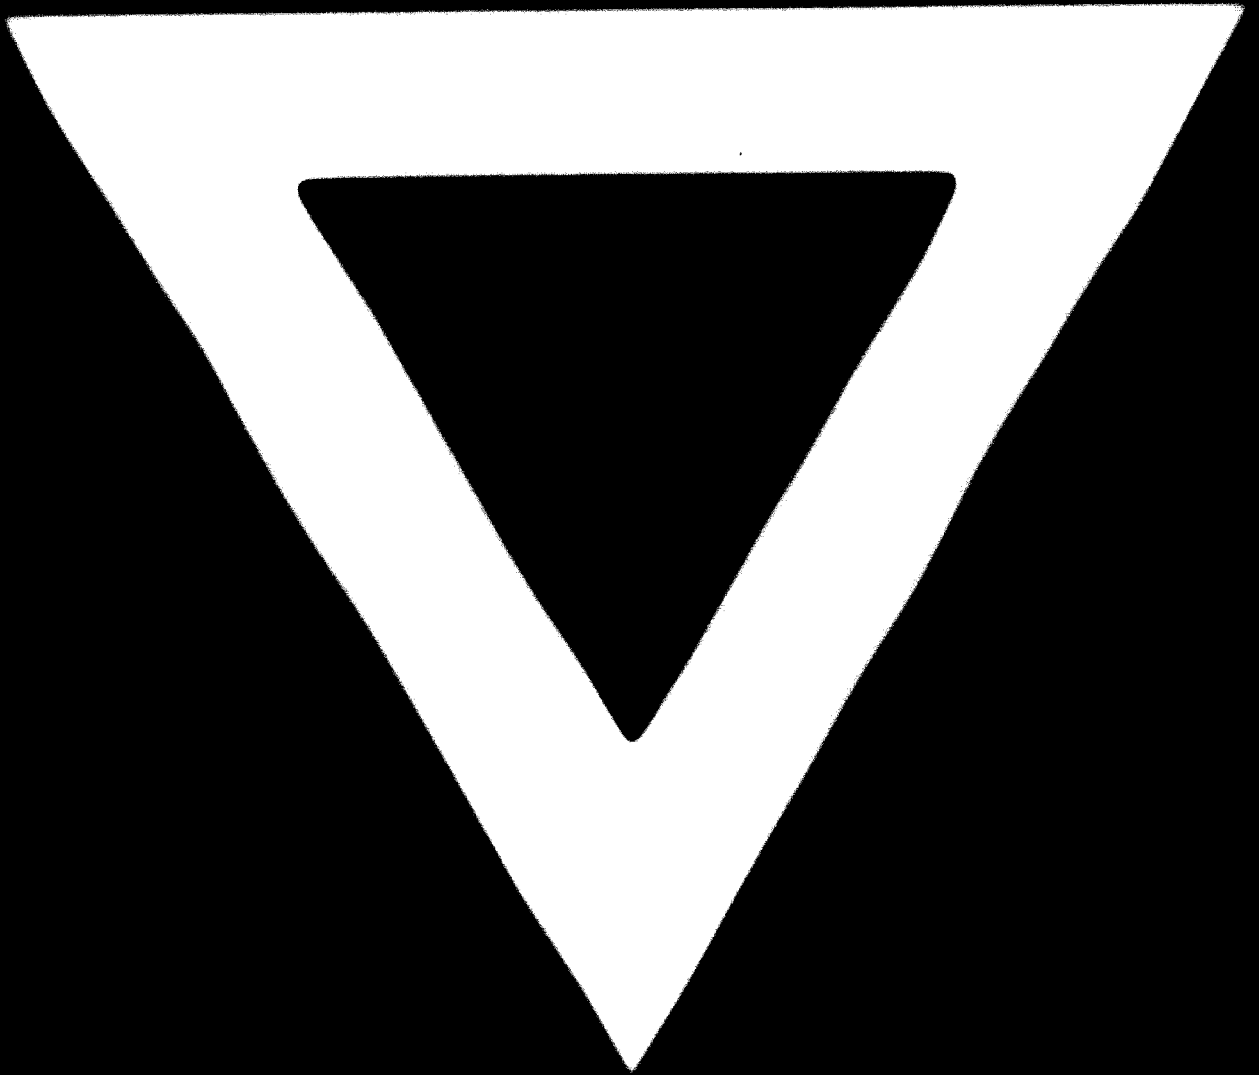

Mould design and mould making course

22 September - 28 November 1975

<u>Country</u>	<u>Name</u>	<u>Position, Address and main fields of interest</u>
Cuba	R. del I. LÓPEZ	Chief Design Department Instituto de Plásticos C. y 28 Havana Modern techniques in mould construction, equipment for plastics processing
Cyprus	Andreas MATTHEPOULOS	Proprietor and Technical Manager Plastic and mould Manufacturing Co. Nicosia Modern techniques in mould construction and processing of plastics
India	Mini S. FRANCIS	Deputy Director Central Institute of Plastics Engineering and Tools, Guindy Madras-600 032 Modern techniques of mould construction and application development, mould design for glass fibre reinforced plastics, for extrusion blow moulding, structural foams by colour moulding and extrusion die design for pipes, films and profiles
Jordan	Walid Jada	Assistant to Technical Manager United Industries Corp. P. O. Box 121 Amman Modern techniques in mould construction and plastic processing technology
Singapore	Kwong Chiang YOUNG	Chief Mould Designer Sun Eling Mechanical Moulds Factory (Pte.) Ltd. 121, Kallang Way Singapore 13 Modern techniques of mould construction and plastic processing technology

<u>Country</u>	<u>Name</u>	<u>Position, address and main fields of interest</u>
Tanzania	Ally M. Rashid MBE	Technical supervisor Tunganyik. Tarry Plastics Ltd. P. O. Box 219 Dar-es-Salaam Repair and maintenance of plastic equipment and moulds, testing, quality control with particular reference to pipes
