United Nations Industrial Development Organization

Industrial Development Board

Third Session

Vienna, 24 April - 15 May 1969

RESOLUTION ADOPTED BY THE INDUSTRIAL DEVELOPMENT BOARD

Programme of Special Industrial Services

The Industrial Development Board,

Recalling that the programme of Special Industrial Services was established as a means of providing assistance especially geared to meet specific requirements in the field of industrial development,

Noting that the number of requests for assistance under the programme of Special Industrial Services has increased at a rate which may lead to an early depletion of the resources available for new projects under the programme,

1. Takes note of the report of the Executive Director on the programme of Special Industrial Services (document ID/B/43/Add.1);
2. Emphasizes the importance of the activities of the Special Industrial Services within the over-all programmes of technical co-operation in the field of industry;
3. Endorses the concern expressed at the seventh session of the Governing Council of the United Nations Development Programme on the need to continue the SIS type of operations on a more permanent basis;
4. Expresses its earnest hope that, at its next session, the Governing Council of the United Nations Development Programme will take appropriate action to ensure the availability of funds from United Nations Development Programme sources for the continued operation of the SIS programme at an annual level consistent with the past development of the programme and commensurate with future needs.
