## Industrial Development Board

Fifth session

Vienna, 24 - 28 May 1971

### RESOLUTION ADOPTED BY THE INDUSTRIAL DEVELOPMENT BOARD AT ITS FIFTH SESSION

#### 30 (V). Programme of Special Industrial Services

The Industrial Development Board,

Having examined the report of the Executive Director on the progress achieved in the implementation of Industrial Development Board resolution 28 (IV) on the operational activities of UNIDO (ID/B/90),

Recognizing the growing importance of the programme of Special Industrial Services (SIS) in the operational activities of UNIDO,

Recalling that the Governing Council of UNDP, at its tenth session, included the maintenance of the SIS programme in the Consensus, a decision which was confirmed by the General Assembly, and that the Council at its eleventh session provided for annual financing of the programme out of a specific reserve, specifying that the annual amount would remain at an appropriate level,

1. Reaffirms the importance of this programme, which is an effective and flexible instrument for assistance to the developing countries, designed to meet rapidly certain requirements of these countries;
2. Requests the Governing Council of UNDP to increase, under expenditures for 1971, the amount of the resources already granted to the SIS programme at its eighth session, in order to make it possible to meet the increased needs of the developing countries, which are demonstrated by the constantly growing number of requests;

We regret that some of the pages in the microfiche copy of this report may not be up to the proper legibility standards, even though the best possible copy was used for preparing the master fiche.

3. Requests UNIDO and UNDP, respectively, to make a constant effort to accelerate both the examination of these requests and the relevant approval procedures;

4. Requests the Executive Director to transmit this resolution to the UNDP Governing Council at its twelfth session and to report to the Industrial Development Board at its sixth session on the progress achieved in the implementation of this resolution.
