Amendment No.1 in the UNIDO Project No. MP/PAK/04/142 as per Terms of Reference dated 25 June 2007 for extension of contract for the supply of technical services to train refrigerant service technicians in Balochistan, NWFP and Capital Area, Pakistan for Refrigerant Management Plan for Pakistan, 3rd Tranche, UNIDO Project code: MP/PAK/05/002

RATIONALE

The first component of the Refrigerant Management Plan (RMP) of United Nations Industrial Development Organization (UNIDO) is to train in country refrigerant service technicians in performing repairs, maintenance and installation of refrigeration and air conditioning equipment to avoid leaks and unnecessary emissions of CFCs. The RMP ensures the use of good refrigeration service and maintenance practices for systems using ozone depleting substances and the correct handling of new replacement/ alternate/ substitute refrigerants. In order to train manpower to coordinate with the national recovery and recycling project component, United Nations Industrial Development Organization (UNIDO) has selected National Institute of Science & Technical Education (NISTE) for the provision of technical services related to establishment of two centers of excellence, one each in Province Balochistan and NWFP and training of 260 refrigerant service technicians of Balochistan, NWFP and Capital Area of Pakistan. The original contract was finalized and signed on September 25, 2006 between UNIDO and NISTE.

As per original contract, NISTE had trained 260 refrigerant service technicians and established two training centers of excellence, one at Government College of Technology (GCT), Quetta, Balochistan and other at Government Advance Technical Training Center, Industrial Estate, Hayatabad, Peshawar.

UNIDO invited Request for Proposal No. 16001073/ZP dated July 10, 2007 from NISTE to amend the Project No. MP/PAK/04/142 as per Terms of Reference dated 25 June 2007 for extension of contract for the supply of technical services to train additional 260 refrigerant service technicians of Balochistan, NWFP and Capital Area of Pakistan for Refrigerant Management Plan for Pakistan, 3rd Tranche UNIDO under Project code MP/PAK/05/002. Accordingly, NISTE had submitted the proposal on July 23, 2007 to UNIDO for approval. UNIDO raised certain observations which were later clarified on August 27, 2007. UNIDO accepted the proposal on Amendment No. 1 and sent the contract agreement to NISTE on September 20,

2007 for resubmission after countersigning by Director General NISTE. The same was resubmitted on September 29, 2007. Copy of the Amendment No. 1 is placed at **Appendix-A**.

2. TRAINING OF REFRIGERANT SERVICE TECHNICIANS

A. Training of Refrigerant Service Technicians of Islamabad Capital Territory

As per the schedule, NISTE released the admission notice in the press on October 7, 2007 and October 21, 2007 for inviting the applications from the Refrigerant Service Technicians of Islamabad Capital Territory. After receipt of applications, NISTE formed six groups of ten participants each. Copies of the Advertisement Notices are given in **Appendix-B**.

NISTE had prepared the schedule for the training of 60 Refrigerant Service Technicians of Islamabad Capital Territory and started the training from October 17, 2007 and completed it on November 17, 2007. Instead of 60 NISTE had trained 64 refrigerant service technicians from Islamabad Capital Territory. Training Manual was prepared specifically in local Urdu language and training material, stationery alongwith bag was given to each participant. On completion of training, travelling allowance, per diem and participation certificates were awarded to the participants. Detail of Training Programme Schedule & Number of Refrigerant Service Technicians planned and trained from Islamabad Capital Area is given in the following table:-
