**TOGETHER**  
*for a sustainable future*

## DISCLAIMER

This document has been produced without formal United Nations editing. The designations employed and the presentation of the material in this document do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations Industrial Development Organization (UNIDO) concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries, or its economic system or degree of development. Designations such as “developed”, “industrialized” and “developing” are intended for statistical convenience and do not necessarily express a judgment about the stage reached by a particular country or area in the development process. Mention of firm names or commercial products does not constitute an endorsement by UNIDO.

## FAIR USE POLICY

Any part of this publication may be quoted and referenced for educational and research purposes without additional permission from UNIDO. However, those who make use of quoting and referencing this publication are requested to follow the Fair Use Policy of giving due credit to UNIDO.

ID/G.263/17	LISTE DE DOCUMENTS

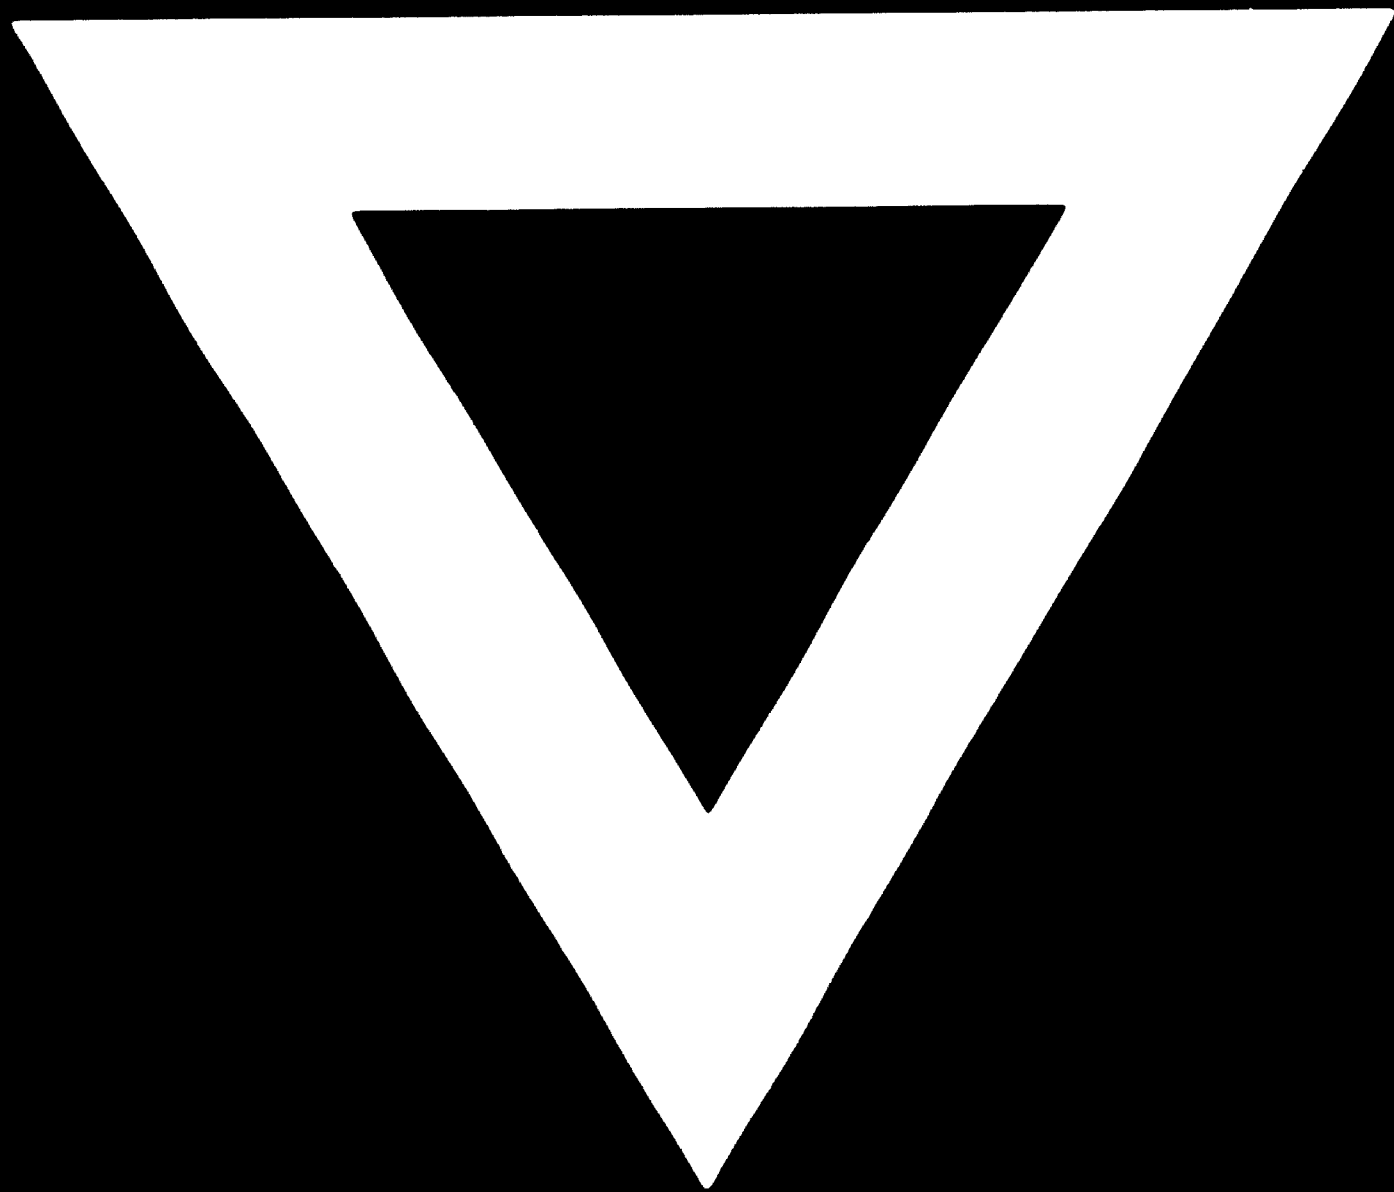

1. The first part of the text discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice to ensure transparency and accountability.

2. The second part of the text focuses on the role of the accounting department in providing timely and accurate financial information to management. It highlights the need for regular reporting and analysis to support strategic decision-making.

3. The third part of the text addresses the challenges of budgeting and cost control. It suggests implementing a robust budgeting process and monitoring actual performance against the budget to identify areas for improvement.

4. The fourth part of the text discusses the importance of internal controls and risk management. It stresses the need for a strong control environment to prevent fraud and ensure the integrity of the financial statements.
