INTRODUCTION

The United Nations Industrial Development Organization (UNIDO) promotes the use of industrial information in developing countries by giving guidance in improving local information facilities. As one of the means of promotion UNIDO compiles directories and guides to selected information sources on branches of industry of primary concern to developing countries. The present guide, dealing with coffee, tea, cocoa and spices, is the twenty-eighth in the series of UNIDO *Guides to Information Sources* (UNIDO/LIB/SI R.D). A list of the guides published to date appears at the end of this guide; more are planned for the series.

The directories and guides are not intended to be exhaustive, nor are they intended to be research tools; rather, they present sources considered to be of practical value to users. The data have been compiled so as to facilitate rapid access to the bodies referred to and the acquisition of the publications listed.

One of the most important means of bringing about a new international economic order will be the location or establishment of industries in the developing countries so as to increase these countries' share in total world industrial production. Industries for processing such commodities as coffee, tea, cocoa and spices have an immediate part to play in reaching this goal, for they are helping to reduce exports of unprocessed goods. At the same time they are creating more employment and slowing down exodus from rural areas.

UNIDO assists developing countries in establishing commodity-processing industries, including for coffee, tea, cocoa and spices.

EXPLANATORY NOTES

The designations employed and the presentation of the material in this guide do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country or its authorities, or concerning the delimitation of its frontiers.

Publications listed in this guide have been selected mainly from literature in the official languages of the United Nations; when appropriate, publications in other languages have also been included.

The names of organizations and publications are given in their original languages, wherever available; for those listed in languages other than the official languages of the United Nations, a translation of the title into English is included.

Where available, the date and the number of pages of the most recent known edition are indicated as well as the address of the issuing organization or publisher.

United Nations sales publications should be ordered by sales number. They are available through authorized distributors or may be ordered from:

Sales Section Publishing Service United Nations New York, New York 10017 United States of America	or	Sales Section United Nations Office Palais des Nations CH-1211 Geneva 10 Switzerland

INTRODUCTION

Pour faciliter l'utilisation de l'information industrielle dans les pays en développement, l'Organisation des Nations Unies pour le développement industriel (ONUDI) aide ces pays à améliorer leurs moyens d'information, notamment en établissant des répertoires et des guides des principales sources d'information sur les secteurs industriels qui présentent pour eux un intérêt majeur. Le présent guide, qui concerne le café, le thé, le cacao et les épices, est le vingt-huitième de la série des *Guides des sources d'information* (UNIDO/LIB/SER.D). On trouvera à la fin de cette publication la liste des guides déjà parus. D'autres sont prévus.

Les ouvrages de cette série ne prétendent pas être exhaustifs: ce ne sont pas non plus des instruments de recherche, mais de simples guides des sources d'information considérées comme présentant un intérêt pratique pour les utilisateurs. Les données sont présentées de manière à permettre à ceux-ci de se mettre rapidement en rapport avec les sources d'information mentionnées et d'obtenir les publications auxquelles ils s'intéressent.

L'un des moyens les plus importants de favoriser l'instauration d'un nouvel ordre économique international sera l'implantation ou la création d'industries dans les pays en développement en vue d'augmenter la part de ces pays dans l'ensemble de la production industrielle mondiale. Des industries pour le traitement de produits comme le café, le thé, le cacao et les épices ont un rôle immédiat à jouer dans la réalisation de cet objectif, car elles aident à réduire les exportations d'articles non transformés. D'autre part, elles créent de l'emploi et ralentissent l'exode vers les villes.

L'ONUDI aide les pays en développement à créer des industries pour le traitement des produits de base, y compris le café, le thé, le cacao et les épices.

NOTES EXPLICATIVES

Les appellations employées dans la présente publication et la présentation des données qui y figurent n'impliquent de la part du Secrétariat de l'Organisation des Nations Unies aucune prise de position quant au statut juridique de tel ou tel pays ou territoire ou de ses autorités, ni quant au tracé de ses frontières.

Les publications énumérées dans le présent volume sont pour la plupart rédigées dans les langues officielles de l'Organisation des Nations Unies; toutefois, certains documents publiés dans d'autres langues ont aussi été mentionnés.

Les noms des organisations et les titres des publications sont donnés le plus souvent possible dans la langue originale; les noms des organisations et les titres des publications libellés dans des langues autres que les langues officielles de l'Organisation des Nations Unies ont été traduits en anglais.

Nous avons, aussi souvent qu'il était possible, précisé la date et le nombre de pages de l'édition la plus récente ainsi que l'adresse de l'éditeur ou de l'organisation qui a publié le document.

On peut se procurer les publications des Nations Unies auprès des distributeurs autorisés ou les commander à l'une des adresses suivantes, en mentionnant le numéro de vente :

ВВЕДЕНИЕ

Организация ООН по промышленному развитию (ЮНИДО) содействует использованию промышленной информации в развивающихся странах путем предоставления руководящих рекомендаций в деле улучшения работы местных информационных служб. В качестве одного из средств такого содействия ЮНИДО составляет справочники и руководства по отдельным источникам информации применительно к отраслям промышленности, в первоочередном развитии которых заинтересованы развивающиеся страны. Настоящее руководство, касающееся кофе, чая, какао и специй, является 28-м в серии руководств ЮНИДО по источникам информации *Guides to Information Sources (UNIDO/LIB/SER. D)*. Список ранее опубликованных руководств помещен в конце данного руководства; планируется выпуск других руководств.

Справочники и руководства не ставят целью дать исчерпывающую информацию и не являются средством исследования; информация в них подобрана таким образом, чтобы помочь быстрому установлению контактов с организациями, на которые имеются ссылки, и облегчить приобретение перечисленных изданий.

Одним из наиболее важных средств установления нового международного экономического порядка является размещение или создание отраслей промышленности в развивающихся странах, с тем чтобы увеличить долю этих стран в общем мировом промышленном производстве. Отрасли промышленности по переработке таких сырьевых товаров, как кофе, чай, какао и специи, играют важную роль в достижении этой цели, поскольку они помогают снизить экспорт необработанной продукции. В то же самое время они создают большую занятость и снижают утечку рабочей силы сельских районов.

ЮНИДО помогает развивающимся странам в создании отраслей промышленности по переработке сырьевых товаров, включая кофе, чай, какао и специи.

ПОЯСНИТЕЛЬНЫЕ ЗАМЕЧАНИЯ

Используемые обозначения и распределение материалов в настоящем руководстве не означают, что Секретариат Организации Объединенных Наций выражает какое-либо мнение относительно юридического статуса той или иной страны, или ее органов власти, или относительно начертания ее границ.

Перечисленные в настоящем руководстве публикации отображены главным образом из литературы, изданной на официальных языках Организации Объединенных Наций, в соответствующих случаях были включены также публикации, изданные на других языках.

Названия организаций и публикаций даны на языке оригинала в тех случаях, когда они имелись в наличии; названия, представленные на языках, не являющихся официальными языками Организации Объединенных Наций, включены в перечень в переводе на английский язык.

В зависимости от наличия указаны год издания и количество страниц самого последнего из известных изданий, а также адрес организации, выпускающей публикацию, или издателя.

Предназначенные для продажи публикации Организации Объединенных Наций следует заказывать по соответствующему номеру, под которым они продаются. Их можно приобрести через должным образом уполномоченных агентов по продаже или заказать в:

INTRODUCCION

La Organización de las Naciones Unidas para el Desarrollo Industrial (ONUDI) promueve la utilización de información industrial en países en desarrollo proporcionando orientación para el mejoramiento de los servicios locales de información. Entre los medios de que se vale la ONUDI para este fin, figura la compilación de repertorios y guías de fuentes de información seleccionadas sobre ramas industriales de interés primordial para los países en desarrollo. La presente guía, que trata del café, el té, el cacao y las especias, es la vigésimo octava de la serie de la ONUDI titulada *Guías de Fuentes de Información* (UNIDO/LIB/SER.D). Al final de esta guía figura una lista de las publicadas hasta la fecha; se prevé la publicación de otras de la misma serie.

Los repertorios y las guías no pretenden ser exhaustivos ni están destinados a servir de instrumento de investigación, sino que presentan fuentes consideradas de valor práctico para los usuarios. Los datos se han recopilado de manera que proporcionen un rápido acceso a las entidades mencionadas y faciliten la adquisición de las publicaciones que se indican.

Una de las medidas más importantes para conseguir la implantación de un nuevo orden económico internacional será la localización o el establecimiento de industrias en los países en desarrollo, con miras a aumentar la participación de estos países en la producción industrial total del mundo. Las industrias de elaboración de productos como el café, el té, el cacao y las especias contribuyen directamente al logro de esta meta, ya que ayudan a reducir la exportación de productos sin elaborar. Al mismo tiempo, crean nuevas oportunidades de empleo, aminorando así el éxodo de las zonas rurales.

La ONUDI presta asistencia a los países en desarrollo en el establecimiento de industrias de elaboración de productos básicos, entre los que figuran el café, el té, el cacao y las especias.

NOTAS EXPLICATIVAS

Las denominaciones empleadas en esta guía y la forma en que aparecen presentados los datos que contiene no implican, de parte de la Secretaría de las Naciones Unidas, juicio alguno sobre la condición jurídica de ninguno de los países o territorios citados o de sus autoridades, ni respecto de la delimitación de sus fronteras.

Las publicaciones que aquí se indican se han seleccionado principalmente de entre la literatura publicada en los idiomas oficiales de las Naciones Unidas; cuando procede, también se mencionan publicaciones aparecidas en otros idiomas.

Los nombres de las organizaciones y publicaciones aparecen en su idioma original, cuando así constan; cuando se dan en idiomas no reconocidos como oficiales dentro de las Naciones Unidas, se incluye la traducción al inglés del título correspondiente.

Se indican la fecha y el número de páginas de la edición más reciente, así como la dirección de la organización que la publica o de la casa editora, cuando tales datos se conocen.

Los pedidos de publicaciones de las Naciones Unidas han de hacerse por número de venta. Dichas publicaciones se pueden obtener por conducto de distribuidores autorizados, o haciendo un pedido a:
