

TOGETHER
for a sustainable future

OCCASION

This publication has been made available to the public on the occasion of the 50th anniversary of the United Nations Industrial Development Organisation.

TOGETHER
for a sustainable future

DISCLAIMER

This document has been produced without formal United Nations editing. The designations employed and the presentation of the material in this document do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations Industrial Development Organization (UNIDO) concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries, or its economic system or degree of development. Designations such as “developed”, “industrialized” and “developing” are intended for statistical convenience and do not necessarily express a judgment about the stage reached by a particular country or area in the development process. Mention of firm names or commercial products does not constitute an endorsement by UNIDO.

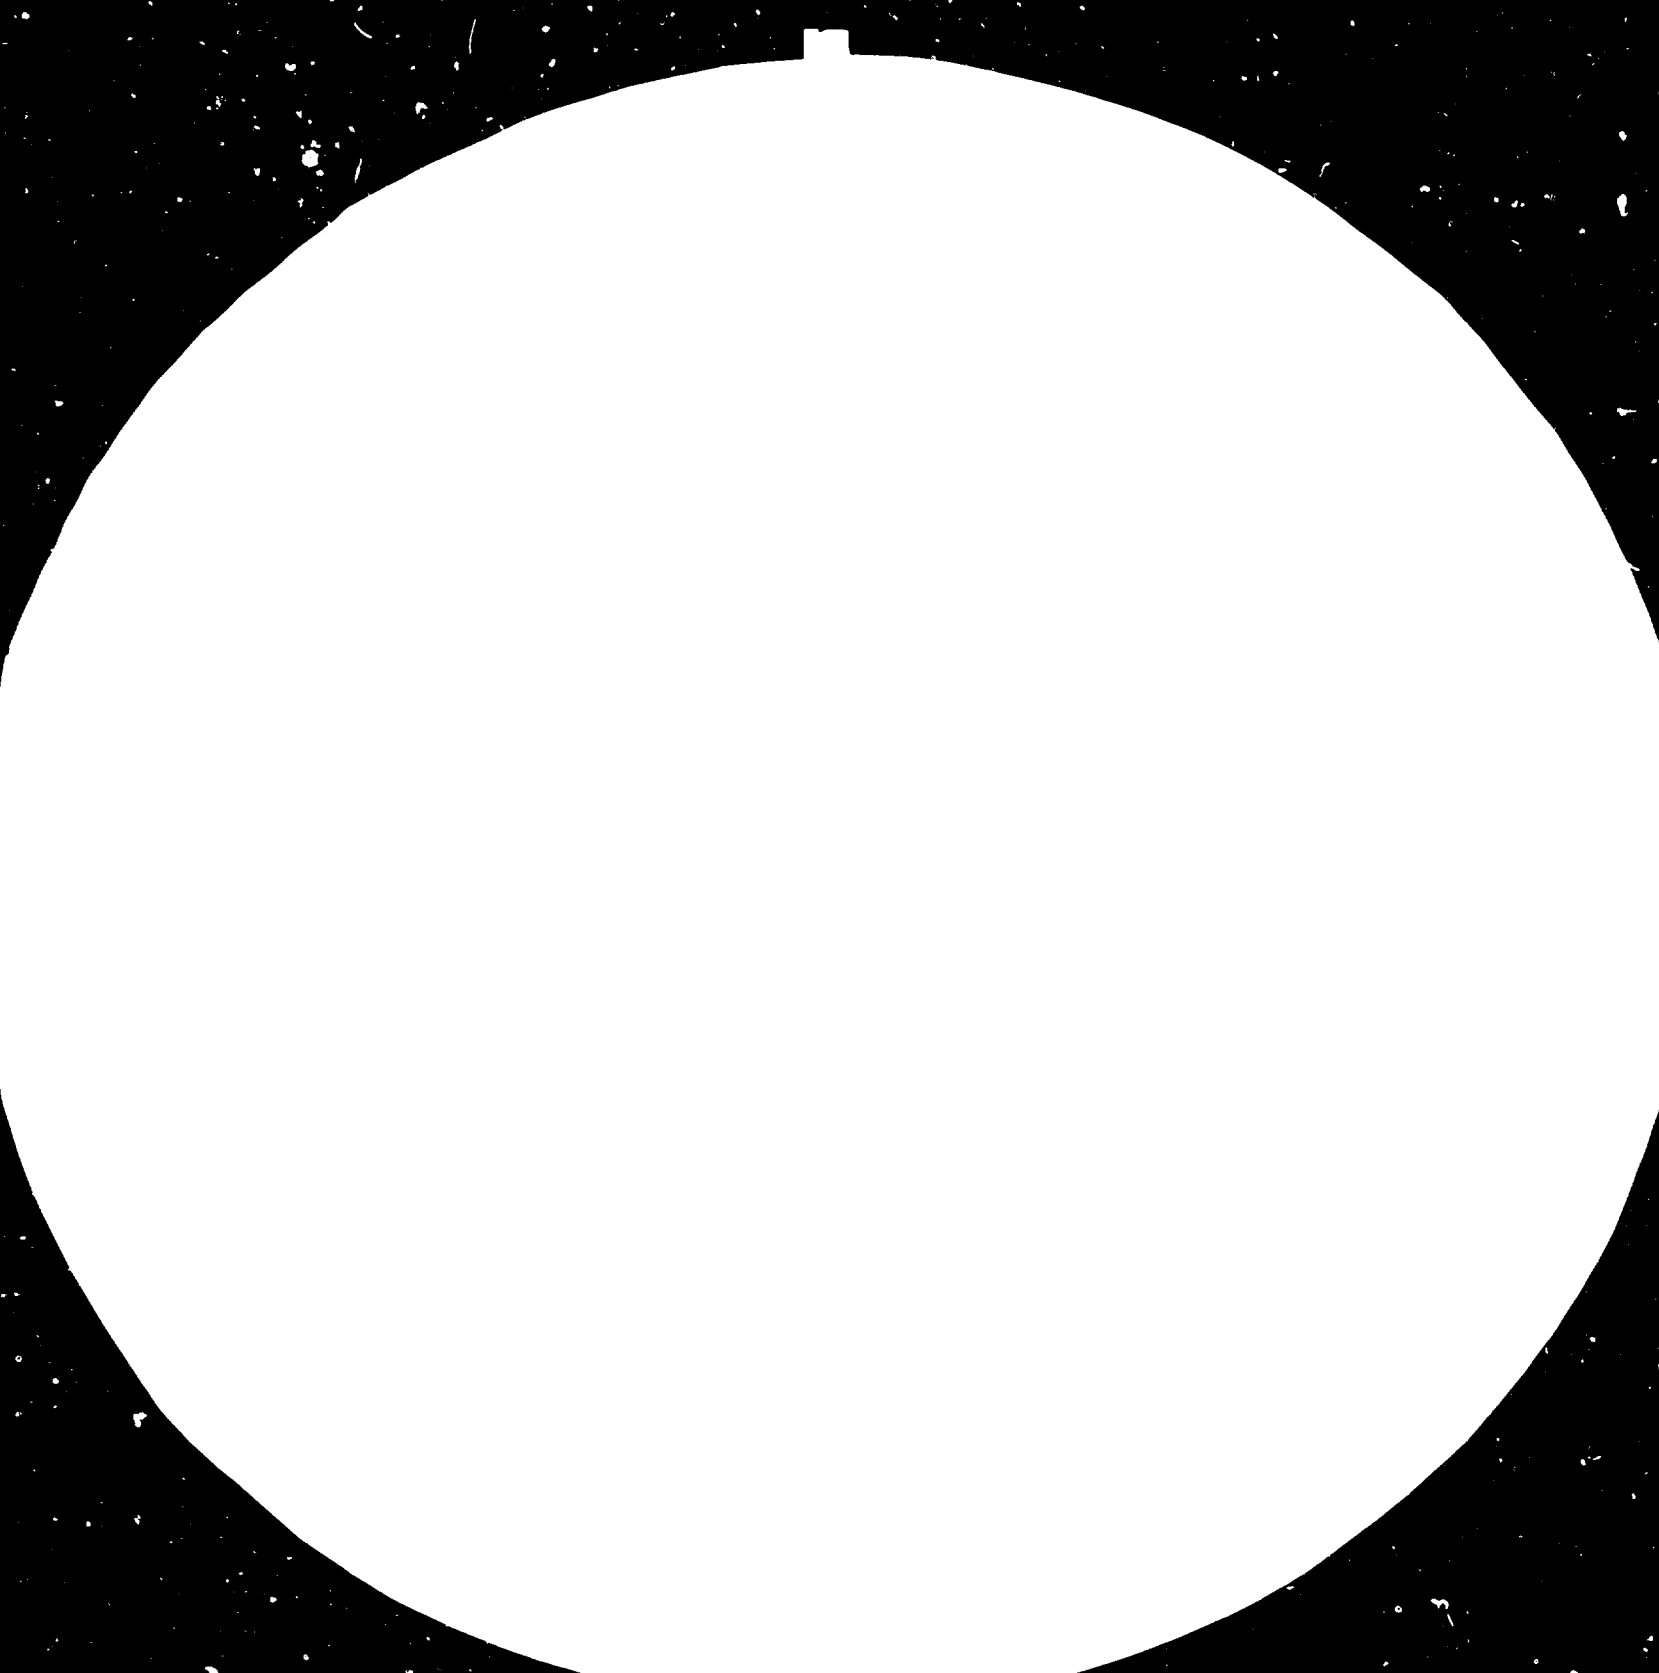

FAIR USE POLICY

Any part of this publication may be quoted and referenced for educational and research purposes without additional permission from UNIDO. However, those who make use of quoting and referencing this publication are requested to follow the Fair Use Policy of giving due credit to UNIDO.

V.83-56315

INTRODUCTION

This list of acronyms was produced from the LINK Data Base (on-Line INformation Key) of the UNIDO Technology Programme. The institutions listed have been in contact with the Technology Programme, or are working in the fields with which the Industrial and Technological Information Bank (INTIE) is concerned. As the data base is rather new, and limited resources are available for its compilation, the list is in no way comprehensive. It was thought, however, that it now contains enough information that it should be made more widely available throughout the UNIDO Secretariat, and to institutions in the member states.

This publication, as noted on the cover has not been formally edited. Addresses are presented in a form intended to serve as an address on an envelope; they are not to be construed as expressing any opinion as to the legal status of any country, city, territory or area, or of its authorities, or concerning its frontiers or boundaries.

As the data base is being continually updated, it contains additional acronyms and more recent addresses than this printed guide. It also contains indications of the types of organizations, and the subject fields in which they work. Various directories have been produced from the data base, e.g. Directory of Industrial Information Services and Systems in Developing Countries; Directory of Industrial and Technological Research Institutes: Biomass Conversion; Directory of Industrial and Technological Research Institutes in Africa.

Corrections and additional acronyms for inclusion in a later edition of this list would be gratefully received. They should preferably be submitted in the form of photocopies of the letterhead or the brochure of the organization in question, showing the date of issue. Material more than two years old will not normally be entered in the data base.

Comments and suggestions would be welcomed. These should be addressed to

Industrial Information Section
United Nations Industrial Development Organization
PO Box 300
A-1400 Vienna, Austria

INTRODUCTION

Cette liste de sigles a été établie à l'aide de la base de données du Système d'information à accès direct (LINK) du Programme de technologie de l'ONUDI. Les organismes énumérés ont été en relations avec le Programme de technologie ou travaillent dans des domaines dont s'occupe la Banque d'informations industrielles et technologiques (INTIB). Etant donné que la base de données est relativement récente et que les ressources disponibles pour la constituer sont limitées, la liste n'est pas complète. Néanmoins on a estimé qu'elle contenait déjà un nombre suffisant de renseignements pour justifier une plus large diffusion dans les services du Secrétariat de l'ONUDI et les institutions des Etats Membres.

Cette liste, comme le signale la note figurant sur la couverture, n'a pas fait l'objet d'une véritable mise en forme. Les adresses de la liste sont présentées pour être utilisées sur des enveloppes. Il convient de ne pas les interpréter comme impliquant une prise de position quant au statut juridique des pays, territoires, villes ou zones ou de leurs autorités, ni quant au tracé de leurs frontières ou limites.

La base de données étant constamment mise à jour, elle contient des sigles plus nombreux et des adresses plus récentes que ce guide imprimé. Elle donne en outre des indications sur les types d'organisations et sur leurs domaines de compétence. Divers répertoires ont été établis à l'aide de la base de données, à savoir: "le Répertoire des services et systèmes d'information industrielle dans les pays en développement; le Répertoire des instituts de recherche industrielle et technologique: conversion de la biomasse; le Répertoire des centres africains de recherche industrielle et technique".

Il sera tenu compte des corrections à apporter et les sigles supplémentaires à ajouter dans une édition ultérieure de cette liste. Le mieux serait qu'ils soient présentés sous forme de photocopies d'en-tête de lettre ou du dépliant de l'organisme, avec indication de la date de publication. Les renseignements datant de plus de deux ans ne seront pas normalement inclus dans la base de données.

Prière d'adresser les observations et suggestions éventuelles à:

Section de l'information industrielle
Organisation des Nations Unies pour le développement industriel
Boîte postale 300
A-1400 Vienne (Autriche)

INTRODUCCION

La presente lista de siglas se elaboró a partir de la base de datos LINK (on-Line Information Key) del Programa Tecnológico de la ONUDI. Las instituciones enumeradas han estado en contacto con el Programa Tecnológico o realizan actividades en las esferas de las que se ocupa el Banco de Información Industrial y Tecnológica (INTIB). Dado que la base de datos es relativamente nueva y que los recursos disponibles para su acopio son limitados, la lista no es en modo alguno exhaustiva. Sin embargo, se ha considerado que como la lista ya contiene información suficiente, debe dársele mayor difusión a través de la secretaría de la ONUDI y enviarse a las instituciones de los Estados Miembros.

Como se indica en la portada, la presente publicación no ha pasado por los servicios de edición de la secretaría de la ONUDI. Las direcciones de las instituciones se presentan en la forma en que deben aparecer en los sobres que se les envíen; esas direcciones no implican juicio alguno sobre la condición jurídica de ninguno de los países, ciudades, territorios o zonas mencionados o de sus autoridades, ni respecto de la delimitación de sus fronteras o límites.

Dado que la base de datos está sujeta a continuas actualizaciones, contiene siglas adicionales y direcciones más recientes que las aquí publicadas. Asimismo, contiene indicaciones relativas a los tipos de organizaciones y a sus esferas de actividad. A partir de la base de datos se han publicado varias guías, a saber, Directory of Industrial Information Services and Systems in Developing Countries; Directory of Industrial and Technological Research Institutes; Biomass Conversion; y Directory of Industrial and Technological Research Institutes in Africa.

Se agradecerá el envío de correcciones y siglas adicionales para su inclusión en una edición posterior de la presente lista. Esas correcciones y siglas adicionales deberán presentarse preferiblemente en forma de fotocopias del membrete o del folleto de la organización de que se trate en las que aparezca la fecha de publicación. Normalmente no se introducirá en la base de datos ninguna información que sea de hace más de dos años.

Serán bien recibidas las observaciones y sugerencias a este respecto, que deberán remitirse a la siguiente dirección:
