**CONVERSION OF KRAYEM BROTHERS CO.
TO PHASE-OUT THE USE OF CFC-11
IN THE PRODUCTION OF
DOMESTIC REFRIGERATORS AND FREEZERS**

ALEPPO - SYRIA

FINAL REPORT

March 1999

sicober GmbH

PLANTS ENGINEERING AND CONSTRUCTION WORLDWIDE
D - 10787 BERLIN - Budapester Strasse 40 - Tel. (030) 2500040 - Fax (030) 250004-49

REFRIGERATORS FACTORY

After the commissioning and start-up of all the equipment, successfully performed in November 1998, the plant has continuously worked without particular problems.

This condition has been verified during the monitoring visit to the site of SICOBER's responsible, in March 1999 (from 21 to 23).

The personnel has been found properly trained so that no additional instruction seems to be required.

As previously said, no special problem has been notified to SICOBER in these months during the operation of the plant, but a battery problem concerning the PLC of one foaming machine.

The problem has been solved by delivering immediately a new PLC; that has been installed satisfactory by KRAYEM CO. personnel.

No other remark up to this moment.

CONTRACT 96/138 – PROJECT NO. MP/SYR/96/014
